<b>No. of Participants:</b>	All Students of Automobile Department

#### ❖ Objective of the Event-

With the vision of our HOD ShriShyam Varghese, the idea of Automobile Quiz Competition was developed during a departmental meeting. The concept was to inculcate the deep learning of Automobile subjects through provoking competition among peers with a motivation to earn recognition by winning a Quiz Competition. Encourage students to face competition, provokes brain storming in individual as well as in teams, improves Team Building, revisit the Automobile subjects simultaneously, enables quick decision power, promotes, think outside the box in fun way, involves multiple groups at a time

#### ❖ Outcome of the Event-

The students from Automobile department are actively taking interest in solution of global issues. A team of such students presented their work on 'Compressed Air Vehicle' in the event. The students get some amazing presentation from experts. The students learnt a lot in fun way in this event. They learnt many different skills apart from their core subject Automobile. Winners were eager to receive their Prizes and Gifts once the result declared. To encourage more participation in future events, participants were also distributed with gifts and certificates. Prize distribution done by guests as well as HOD. This event ended with lunch after prize distribution.
